III. WRITING (10 POINTS)

Write a reply to the following email that you've received from your English friend.

Dear friend,

How are you doing? I hope you are fine. I just want to tell you that I'm having some problems with my parents; they don't let me go out at night, or invite my friends. They're always complaining about my hairstyle, the way I dress or the kind of music I listen to. They're making my life terrible! What about you? Do you have any problems with your parents? How do they treat you? Tell me about your relationship with them.

Dear friend,

I was very excited when I received your email, and I'm terribly sorry to hear about the problems you're having with your parents.. and about my relationship with mine; I could say that it's very complicated. First of All my father is always yelling at me when I get bad results at school because he wants me to become a doctor like him despite the fact that I want to be a videogame designer. In addition he don't let me play videogames with my friends because he says it's a waste of time. My mother on the other hand is very supportive, she keeps on telling me to follow my dreams no matter what, moreover she lets me surf the internet when my father's not home. But they both agree that I shouldn't sleep over my friend's place or go out at night even when all my friend's parents permit these kind of activities, which makes me very upset.

To summarize, I think they're just doing all of these stuff to protect us and to help us prepare for the future.

Yours Sincerely.
